no, so ordered, the bill is advanced.

SENATOR CAVANAUGH: Mr. President I move the adoption of E&R amendments to LB 360.

PRESIDENT: The motion now is to adopt the amendments to LB 360, all those in favor of adopting the amendments please say aye, those opposed say no, so ordered.

CLERK: Mr. President we have an amendment by Senator Goodrich, (read).

PRESIDENT: The Chair recognizes Senator Goodrich.

SENATOR GOODRICH: Mr. President, members of the body, this is a amendment that is actually in LB 8, but LB 8 may not get through this session, and the amendment is to solve a problem that you I know, which says they wanted to start a March of Dimes Walkathon for example from the UNO Field House and end it there also, and they also wanted to have a Muscular Dystrophy Telethon there and in the county attorney's office, they indicated that the University would be treading on thin ice if they did it on campus, so what we could do is eliminate these three sections with this bill and abolish the problem of prohibiting those and I have talked to Senator Warner who's bill this is and it is okay with him. I move the adoption of the amendment.

PRESIDENT: That's a unanimous consent motion and are there any objections to that? Senator Carpenter are you objecting?

SENATOR CARPENTER: I want to ask him a question, can I ask him a question?

PRESIDENT: Senator Goodrich do you yield to a question?

SENATOR GOODRICH: Yes.

SENATOR CARPENTER: Are you saying for example, that the University can't hold these things when they can have meetings over there on homosexuality and everything else, you have all these radicals and people that want to destroy this country there, is that what you are saying?

SENATOR GOODRICH: I'm saying that at UNO Senator Carpenter, we had a two different things that we have turned down for being able to be held in the Field House at UNO, now I'm not talking about what goes on here in Lincoln campus, right now, I'm just talking about UNO and the Muscular Dystrophy March of Dimes Telethon type of thing was the one item and the, or excuse me the March of Dimes Walkathon and the Muscular Dystrophy Telethon were the two things, they were afraid of doing if these statutes were on the books, and these are being eliminated by LB 8 anyhow.

SENATOR CARPENTER: What else do we permit if we permit this, this doesn't, what are we doing over there? You're allowing the March of Dimes, what else will we do if we adopt your amendment? What's the potential of it? I just can't imagine we got to pass an amendment like this, in order to have a March of Dimes over there, that's completely ridiculous.

SENATOR GOODRICH: Well, as far as, what I've got in mind, all I'm telling you is what they came to me and told to me, of what they've got a problem with, I was trying to solve it, since it was being, the elimination of these three sections are included in LB 8 already, it's not as if I had ulterior motives, if I
